"Abundance is created when we have the sense to choose community, to come together to celebrate and share our common store. Whether the scarce resource is money or love or power or words, the true law of life is that we generate more of whatever seems scarce by trusting its supply and passing it around"
Parker J. Palmer

Since its inception in the year of Jubilee, 2000, the Trinity Jubilee Foundation has trusted in the generosity and compassion of our supporters to pass our blessings here in our community around to others in need. What began as a vision of the few and the initial faith and support of the members of Trinity United Church continues to provide a legacy of practical help to families both near and far.

2010 saw a few positive changes in the life of the Foundation. With the Board now composed of 7, hard work by fewer hands was needed. The "Spring of Hope" musical concert on April 10th featuring the singer Debi Sander Walker, harpist Lucile Brais Hildersheim and our own Scott Auchinleck was our first try at hosting a larger concert. While the proceeds from that event were a disappointment, (see treasurer's report), it was a wonderful evening of music and another opportunity to share the work of the Foundation with others. Thanks to Megan Myles and her husband Dave Smith, 2010 also saw the development of our own website www.trinityjubileefoundation.com. The website offers a wonderful glimpse into what can be accomplished when we work together with a common vision. Trinity Jubilee Foundation continues to partner with agencies that have the knowledge and expertise to ensure that each donation makes a difference.

In 2010 the decision was made to continue to support Cause Canada and their Sulamania school in Sierra Leone with a contribution of \$9,370. This amount helped build 3 more classrooms , a library and training for additional teachers. The Jubilee Foundation has been working with Cause Canada off and on since 2003 when we supported them in their rehabilitation of child soldiers. Also in 2010, \$4000 went to Northern Canada through the Arctic Children and Youth Foundation to work directly with families to reduce the effects of hopelessness, isolation and poverty faced by our country's native children.

In 2010 the Foundation updated its PowerPoint presentation and developed a poster board which can be changed as needed to save expense. The Foundation flyer was revised and several Board members have begun the task of sorting and developing an archive of the history of the Trinity Jubilee Foundation. This archive will serve as a reminder over the decades of the vision of the founders and help future members , through their decisions, stay true to that vision.

The Trinity Jubilee Foundation Board members in 2010 were William Hamilton, Sylvia Barrow, Mary Myles, Al Brown, Linda Hearty and Chris Humphrey. They, along with other volunteers and those who quietly give with the stroke of a pen make it all possible. As I finish my term as a member of the Board, I feel privileged to have been a part of such a hardworking, compassionate organization.

Sincerely,

Pam Sheehan, President

TREASURER'S REPORT

In 2010 the Foundation had total receipts of \$16,223: \$2,400 for the Capital Fund, \$7,744 for the Active Ministering Fund, \$2,596 from ticket sales for the spring concert; and \$3,483 interest and dividends on investments of Capital Funds.

Expenditures for the year totalled \$15,197, the major part of which was grants: \$9,370 to Cause Canada in continuing support of an education and development project in Sierra Leone; and \$4,000 to the Arctic Children and Youth Foundation in support of its education and training work with youth in northern Canada. Expenses associated with the concert of \$1,494, together with administration costs of \$333, resulted in a year-end surplus of \$1,027.

The addition of \$2,400 Capital Funds raised the total of designated donations to the Capital Fund to \$109,072. The decline in market values in 2007 and 2008 resulted in a loss of invested Capital Funds of \$6,795. The Foundation has undertaken to retain earnings on investments, as possible, to restore the Capital Fund to its original value over the next couple of years. At year-end total investments of \$103,530 represents a recovery of \$1,273 of the capital loss, and the Foundation's plan is to retain earnings to return the Capital Fund to at least equal to the amount of designated donations. The Foundation continues to encourage donations to the Capital Fund so that annual earnings may be increased for support of future activities.

Regarding support for current work, *the Foundation reiterates, particularly for new members, that it is not a competitor for the support of Trinity and its local programs, nor of the M. & S. fund.* T.J.F. IS A CALL FROM BEYOND!!! It is our own charity through which members can contribute beyond their regular church givings and fulfill the Jubilee undertaking of a "regular distribution of wealth" to give a hand-up to some of the truly disadvantaged of the world.

Gifts through the T.J.F. for work abroad have practical advantages as follows:

- a) TJF funds can be multiplied 3 or 4 times over, and sometimes more, when granted to agencies that can access international development multiplier funds;
- b) those funds are managed by experienced professionals;
- c) Canadian dollars "go a lot further" in terms of purchasing power in most developing country economies;
- d) the funds can be directed to specific projects whose progress and results can be monitored and reported back.

The Foundation appreciates the encouragement and support of the Supporting Members (i.e. the current members and adherents of Trinity United Church), and welcomes any comments or questions about how it may be used to serve their interests in meeting the Jubilee challenge.

TRINITY JUBILEE FOUNDATION

STATEMENT OF OPERATIONS
For the Year Ending December 31, 2010

RECEIPTS

Donations		
- Active Ministering Fund	\$7,744	
- Capital Fund*	<u>2,400</u>	\$10,144
